EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alan Cannon on 6/8/07.

The application has been amended as follows:

IN THE CLAIMS:

Claim 40 line 10, delete "adjusts" and replace with - -drives- -

Reasons For Allowance

The following is an examiner's statement of reasons for allowance: the art of record does not show a mechanical drive mechanism between the first and second arms of the retractor. Chaux (U.S. Patent No. 4,852,552) can not be reasonably interpreted to have a drive mechanism. The prior art of record does not show a driving mechanism between the two arms.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
